

Where does Tom Daschle stand on your gun rights? Well, that depends on where he's standing.

In South Dakota,
Tom says he supports
your gun rights.

In Washington, D.C.
Daschle votes
against them.

South Dakota Tom

D.C. Daschle

"No representative of our state has ever supported restrictive federal gun control laws written in Washington and there is a very good reason why. What makes sense in New York is crazy in South Dakota."¹

Voted to ban many semi-automatic shotguns and rifles owned by South Dakota sportsmen.²

Voted to shut-down your local gun show.³

Voted to close hundreds of thousands of acres to hunters.⁴

Sponsored a resolution commending Rosie O'Donnell's Million Mom March, an extreme anti-gun organization that called for national gun owner licensing and registration.⁵

Voted against your individual constitutional right to own a firearm.⁶

After telling South Dakotans he supported the bill, Daschle worked behind the scenes to kill legislation that would have stopped trial lawyers from holding gun makers responsible for the acts of criminals.⁷

Stand up for your gun rights. Vote **John Thune** For Senate.
