House Republican Leader Issues Statement Following House Passage of House Bill 2005

SALEM, OR – Today, House Republican Leader Vikki Breese-Iverson (R-Prineville) issued the following statement after the passage of House Bill 2005, an expansive, partisan, omnibus gun control measure destined for litigation.

The U.S. Supreme Court has previously ruled that laws like this are unconstitutional. The House Republicans have committed to donate \$25,000 to support impending litigation to protect the Second Amendment rights of Oregonians.

“Nothing in this legislation will make our streets safer. House Democrats took three separate pieces of legislation, each with their own flaws, and combined them into one complex and extreme omnibus gun bill. Rather than strip Oregonians of their constitutional rights, this body should pass legislation in line with those bills previously provided in the [Safe Schools Package](#),” **said House Republican Leader Breese-Iverson (R-Prineville).**

House Bill 2005 will strip the following rights from Oregonians:

- By making responsible gun owners and enthusiasts criminals simply because of the type of gun they own.
- By placing significant possession restrictions on responsible, adult gun owners between the ages of 18 and 20.
- By creating a complex patchwork of gun laws where citizens within the same county or municipality do not all have the same rights.

[House Bill 2005](#) will now be referred to the Senate.
