Dear Attorney General Cameron:

On behalf of NRA members in Kentucky, **I am pleased to announce your “A+” rating and endorsement for Governor of Kentucky** in the upcoming November general election. This endorsement is a reflection of your steadfast support for the Second Amendment.

During your tenure as Attorney General, you joined several “friend of the court” briefs defending Second Amendment rights, including *NYSRPA v. Bruen*. This landmark decision changed the paradigm in which courts assess Second Amendment challenges to gun regulations and restrictions.

We also commend your opposition to the practice of tracking firearms and ammunition purchases by credit card companies. We concur that this monitoring policy is part of a broader trend aiming to impose policies that cannot be achieved through democratic processes, by utilizing subversive maneuvers in the marketplace. We respect your commitment to “continue to stand against those brazen attempts to curtail our rights.”

Our members will interpret your “**A+” rating and endorsement** as indicative of a solid pro-gun/pro-hunting candidate who staunchly advocates for the Right to Keep and Bear Arms. Please feel free to communicate your rating and endorsement to the voters of Kentucky as you deem appropriate.

Congratulations again on your “**A+” rating and endorsement**. I wish you the utmost success in your campaign and eagerly anticipate collaborating with you to advance the interests of Kentucky’s law-abiding gun owners and sportsmen.

Yours in freedom,

Randy Kozuch
